- Custom Packaging

# PROTECTING YOUR PEOPLE... IMPROVING YOUR PRODUCTION... THAT'S OUR BUSINESS.

Memco, Inc. began in Branson, Missouri in 1976. Using a garage as a warehouse and a spare bedroom as an office, Julie & Robert Middleton worked hard to convince food industry, manufacturing, and hospitality customers that a small startup could meet their supply and protective apparel needs. With honesty and integrity they exceeded all expectations by staying focused on the customer, and making deliveries when and where the customers needed them, even in the early morning hours or late evenings. That appreciation of our customer continues to define how Memco, Inc. does business.

Today, Memco, Inc. is a leading supplier of Personal Protection, Safety, Janitorial, Packaging Supplies and other products and services. Over the years our services and knowledge have grown to include a broad spectrum of customers:

CONSTRUCTION

GOVERNMENT

FOOD & BEVERAGE

HEALTHCARE

HOSPITALITY

MANUFACTURING

OIL & GAS

PUBLIC SAFETY

RETAIL

TRANSPORTATION

WAREHOUSE

WATER TREATMENT
