

# STABILIZED AQUEOUS OZONE

Simple. Safe. Sustainable. [www.tersano.com](http://www.tersano.com)

The patented, SAO™ Dispenser SAO™ Dispenser creates Stabilized Aqueous Ozone™ (SAO) on-demand and in high quantities. Fill spray bottles, mop buckets, and even floor Scrubbers. No more storing, mixing, or disposing of traditional chemicals. No need to worry about the health effects of chemicals on your staff, customers, or guests - or the corrosive effects of chemicals on the surfaces and equipment you clean. The SAO Dispenser is the simplest, safest, most sustainable alternative to traditional cleaning and sanitizing chemicals. No chemicals needed ready to use sanitizer made from plain water.
